

Print Size and Price Guide

February 2026

I print my photos in-house on a professional photo printer. Any size up to A3. All images are checked and colour calibrated for the best results, and as well as standard sized prints I can print images with large borders, or multiple images onto a single page.

Standard small prints

can be printed with or without borders:

6x4"

5x7"

6x8"

6x9"

6x4"

5x7"

6x8"

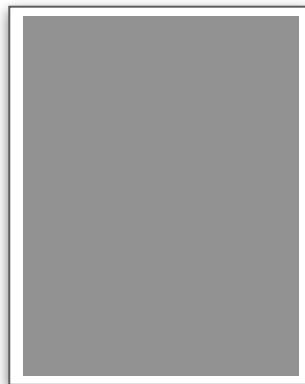

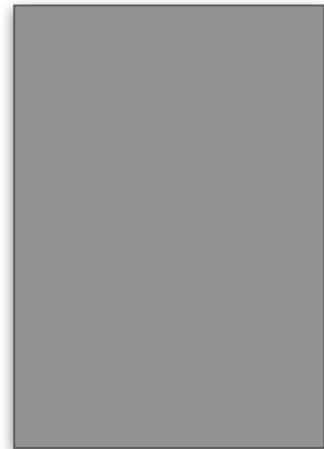

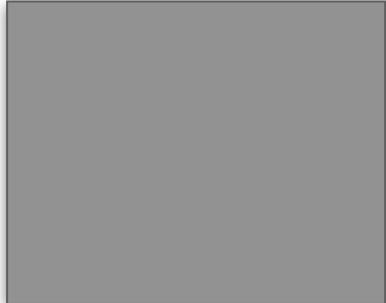

6x9"

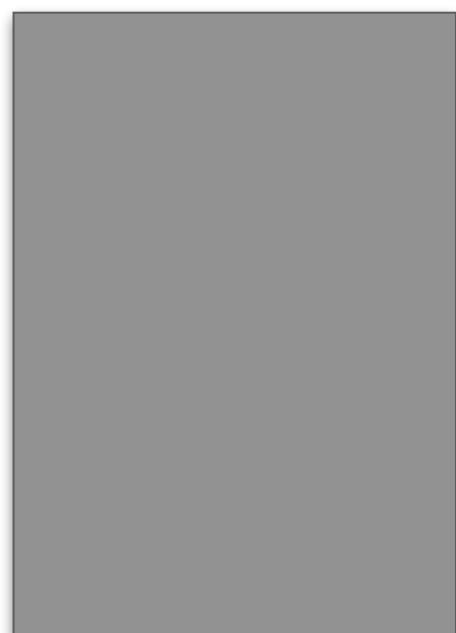

Note that the 6x4" and 6x9" sizes are the same 2:3 ratio as the image taken on a digital camera. 5x7" and 6x8" may need to be cropped a little to fit although I usually have enough space around a subject that most images fit without a problem.

Large prints

There are a number of larger sizes (see the last page for a list of standard sizes) but the most common are 8x10", A4 and A3

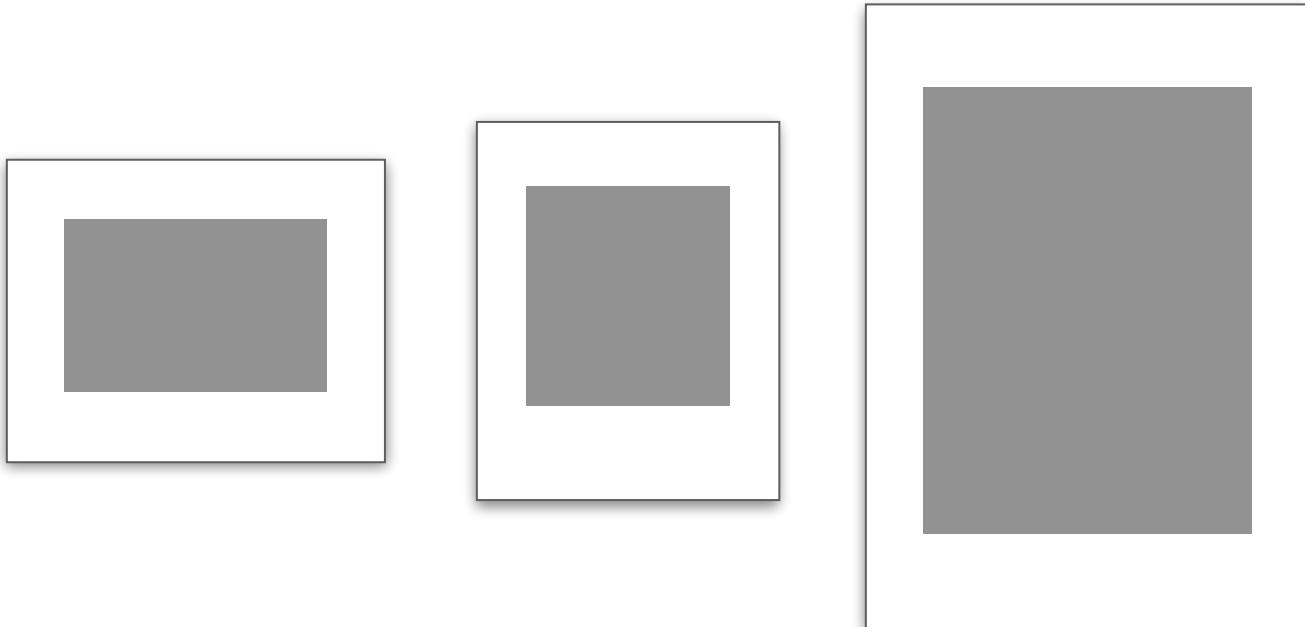

Examples of landscape and portrait orientated 8x10" and A4 prints

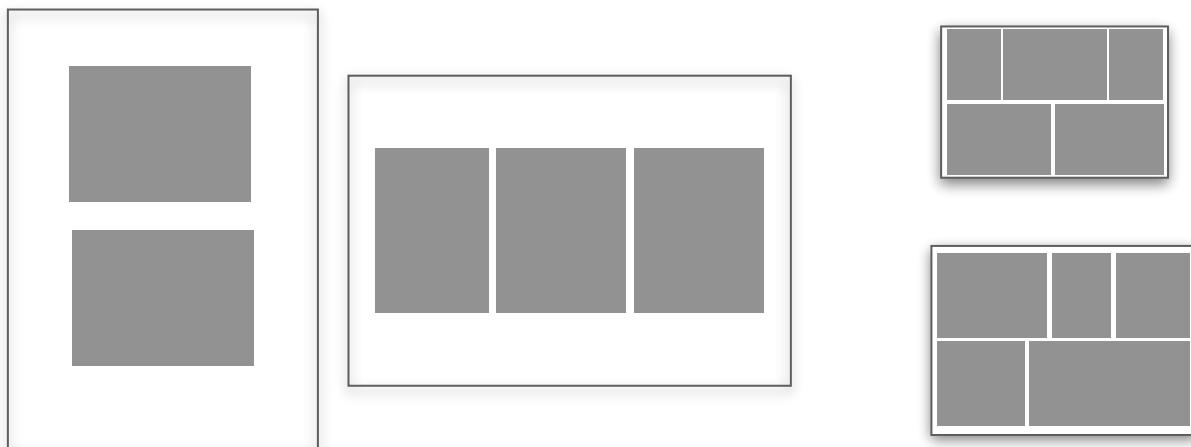

Examples of borderless A3 prints in landscape and portrait orientation

Other options

You can have an image printed in the middle of a page leaving a lot of white space. These look particularly good in a plain black frame, and are best suited for prints 8x10" or larger but will work on any size print.

2, 3 or more images printed on one page:

Suits 8x10", A4 and larger

This style can also suit
smaller sized prints

No extra cost for these options but it's best to email or ring me about them rather than using the online shop

Common print sizes and prices

| | |
|-------------------------|---------|
| 4x6" (102x152mm) | \$2.50 |
| 5x7" (127x178mm) | \$5.50 |
| 6x8" (152x203mm) | \$9.50 |
| 6x9" (152x229mm) | \$9.50 |
| 8x10" (203x254mm)..... | \$18.00 |
| A4 (210x297mm)..... | \$18.00 |
| 8x12" (203x305mm)..... | \$25.00 |
| 10x12" (254x305mm)..... | \$27.00 |
| 10x15" (254x381mm)..... | \$27.00 |
| 11x14" (279x356mm)..... | \$27.00 |
| 12x16" (305x406mm)..... | \$32.50 |
| A3 (297x420mm)..... | \$32.50 |

Larger sizes by quotation

Prices are for prints from sports and events images on my website and include GST

Looking after your prints

Photos are printed on a professional photo printer using recommended inks and photo papers. Provided they are looked after, they should last 70 or more years.

Keep them away from direct sunlight - either in an album or in a drawer or shoebox! or frame them behind glass.
Don't get them wet.
